## PROJECTS - MORE ON [GitHub](#)

### [And Chill](#) — Invite Your Friends And Match Shows To Watch!

- Tech used: NodeJs/Express/MongoDB
- APIs from both JustWatch and TheMovieDB.org
- Using socket.io users can share a link with others in order to “match” and decide what to watch
- Once logged in, your preferences tab shows you all of the movies and shows you’ve previously “liked”

### [Pokedex](#) — View Your Favorite Pokemon!

- Tech used: ReactJs
- Uses the public PokeAPI.
- Once you press “start” the application uses Howler to play the original Pokemon theme song as well as other sounds
- Can search for Pokemon based on name or type

## EXPERIENCE

### **Cafe Vino Tinto, Safety Harbor, FL — Barista**

January 2021 - PRESENT

- Worked with customers to quickly identify problems and develop solutions pertaining to experience or items received.
- Assisting with new barista training by positively reinforcing successful performance and encouraging coaching as needed.
- Assisting in drink and menu development based on the community and customer preference.

### **Kahwa Coffee, St. Petersburg, FL — Store Manager**

September 2019 - March 2020

- Managed day-to-day operations of the cafe such as menu planning, maintaining inventory and selling quality food/drinks.
- Created bi-weekly scheduling for staff based upon sales and event projections while maintaining labor costs for each day-part.
- Hired, onboarded and trained new staff on drink preparation and proper use of all equipment.
